Meeting turned over to Mark.

Mark shared intent to make communication with members his first goal as president. He intends to contact each member and see what their vision is for the future mission of OKAA. He will share the ideas he gleans from members with us.

Mark communicated with the Missouri Acupuncture Association and shared their idea to offer all state legislators and their aids treatment on a specific in-service day. Hopefully, this will insure good communication with them and MAA and insure their support with legislative issues.

Mark is open for ideas for the future of OKAA. He said the organization has matured a lot as an and thinks trust has blossomed and that we are on a more mature solid foundation.

Quang Van Tran volunteered to do the educational component for our next meeting. He will present a method using components of Aikido to help slow the aging process.

Yvonne shared that Blossom has volunteered to demonstrate an e-stim unit that she sells at the December meeting. It is used to treat fibromyalgia, and other ailments. She will sell them at a discount if we order 10 or more units.

Yvonne requested that we pay recertification membership by Dec. 21.

Next meeting December 2, 2012 at Deborah Bright's house in Drumright.
